Enhancement of Vietnam's coffee value through improved value chain linkage and contribution to the national high quality coffee project

PSAV

2018 – 2020 GOALS

➤ **Goal 1:**

To enhance Vietnam's coffee value through improved the value chain linkage.

➤ **Goal 2:**

To contribute to Vietnam's High Quality Coffee Project by the Government.

➤ **Goal 3:**

To update, finalise and apply the NSC relating to sustainable farming practices in coffee production and to build capacity for various players in the coffee chain.

➤ **Goal 4:**

To promote management and responsible use of agrochemicals in coffee

National level

- Facilitate policy dialogues between PSAV public and private sectors.
- Foster cross-sector and inter-ministry policy dialogues to address and resolve common issues including responsible agrochemical usage.

Execution level

- Play the role as an information hub supporting Task Forces on related industry topics.
- Provide support to the Vietnam's High Quality Coffee Project's working group.
